For: METHOD FOR CONFIGURATION OF A COMPRESSED MODE IN A MOBILE
RADIOCOMMUNICATION SYSTEM

STATEMENT OF SUBSTANCE OF INTERVIEW

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Please review and enter the following remarks summarizing the interview with Examiner Bokhari and Supervisory Examiner Yao conducted on April 1, 2009:

REMARKS

During the interview, the following was discussed:

The rejection of claim 1 over Steudle and Virtanen and rejections of claims 3, 6-8, 13, and 16-18 under § 112.

It was agreed that Applicants would file a response under section 1.116 before the final deadline of April 28, 2009. It was agreed that to overcome the 112 rejection, Applicants would amend claims 3, 6-8, 13, and 16-18 to recite "comprising."

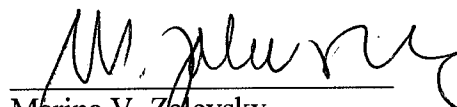

It was further agreed that Applicants would submit arguments for patentability of the claims. Examiner Bokhari would reconsider the application in light of a combination of Steudle and Virtanen. If no support for the rejection is found in these two references, the Examiner will perform a new prior art search. If the new prior art is found, the prosecution would be re-opened

and Examiner would issue a new Office Action. If no prior art is found, the application would be allowed.

It is respectfully submitted that the instant STATEMENT OF SUBSTANCE OF INTERVIEW complies with the requirements of 37 C.F.R. §§1.2 and 1.133 and MPEP §713.04.

It is believed that no petition or fee is required. However, if the USPTO deems otherwise, Applicant hereby petitions for any extension of time which may be required to maintain the pendency of this case, and any required fee, except for the Issue Fee, for such extension is to be charged to Deposit Account No. 19-4880.

Respectfully submitted,

Marina V. Zalevsky
